RANCH RODEO EVENTS

TEAM BRANDING Team consists of two ropers and two ground crew. Time limit will be 6 minutes and progressive after 4 qualified times. Four cattle will be in branding pen. Ropers must rope first two calves by head and feet. Ground crew must set front and back foot ropes to stretch calves. When calves are stretched, ground crew may leave buck to brand calf. Brand must be placed in assigned location and right side up. Any incorrect brand will result in a no time. Once first calves are branded ropers and ground crew switch and repeat with next two calves. Legal catches are head and one foot – no full bodies. Ground crew may remove illegal loop and re-rope. Calf cannot be roped until illegal loop is clear. Time stops when second brand is returned to bucket.

RANCH DOCTORING Team consists of four riders. Time limit is two minutes. Herd consists of 10 cattle numbered 0-9 at one end of arena. Riders will start at opposite end of arena. Team will be assigned a number and the number will be announced when team crosses the time line. Team must sort their assigned numbered cattle from herd and rope by the head across the time line. The steer has to come out between the barrels. Once roped by two riders steer must be stretched with ropes set on front and back feet by other two team members (doctors). Steer must then be marked between eyes with chalk stick (provided). If cow is cut out and crosses time line, it may not cross back to cattle side unless roped with legal head catch. Heel loop may be thrown on cattle side of time line. A maximum of four loops can be thrown. Legal catches are full head or head and one foot. Time stops when steer is marked.

RANCH TEAM ROPING Two steers will be released out of chute. Header and heeler will start at opposite ends of arena. Time starts when judge drops flag. Rope anywhere in arena. Front foot is legal. Three loop limit per team. Team roping rules apply. 4-man team, must catch both steers.

TRAILER LOADING Cross the start line, bring out the number that you need only, no “trash” allowed across the line. Once a steer has crossed the line, it cannot cross back across line towards the herd. Steer must go between barrels before loading in the trailer. Load steer in trailer. Time will stop when back door is secure. Riders cannot ride horses into the trailer; this will result in a DQ.
